

Application

A large-scale STUDIO LINE ceiling luminaire. Its unique beauty and versatility are enhanced by the choice of four matte interior finishes combined with a matte black exterior finish. These finishes may be selected to complement a wide array of interior spaces. A subtle hint of colored light on the outside edge of the beam spread results from the internally reflected light, creating an eye-catching and elegant lighting effect.

Materials

White high-density polyethylene diffuser  
Aluminum housing  
Mounting hardware not included

NRTL listed to North American Standards, for interior use only  
Protection class IP 20

Weight: 76.5lbs.

Electrical
