

Application

BEGA system bollard luminaire tube with GFCI or USB convenience outlets behind a lockable access door. BEGA system bollard tubes are designed for easy attachment to system bollard heads using an interlocking mechanism. An accompanying bollard head must be selected for proper installation.

Materials

Marine grade, copper free (≤0.3% copper content) A360.0 aluminum alloy
Extruded aluminum
Interlocking stainless steel mounting mechanism for attachment of head and tube
Mechanically captive stainless steel fasteners
Galvanized steel anchorage

NRTL listed to North American Standards, suitable for wet locations
Protection class IP 65

Weight: 26.9lbs.

Finish

All BEGA standard finishes are matte, textured powder coat with minimum 3 mil thickness. BEGA Unidure® finish provides superior fade protection in Black, Bronze, and Silver. BEGA standard White is a super durable polyester powder. Optionally available RAL, custom, and premium colors provided in polyester powder and/or liquid paint.
